Thank you to our volunteer work groups who so generously travelled to our community weddings that were hosted in Villeneuve and Cardiff halls this summer. The temporary loss of our own hall/gym has certainly not diminished our sense of community!

Thank you to all who volunteered their time this summer to work our Ag. Society Casino. The casinos are a huge commitment for a large number of people. Thanks to all for so generously taking time from your summer to help our community keep our facility running.

## Are you interested in defining a vision for our community's future?

The RQB Ag. Society, as representatives of your community interests, is interested in hosting a Mission/Vision/Goal setting workshop for our community. The workshop would be facilitated by a Community Development Officer who would guide us to a clear definition of what we would like for our community in the future. Some members of our current board have expressed an interest in participating in the workshop, but a total of six or more is required for an effective workshop. You do not need to be a RQB Ag. Society member to participate. It would require a commitment of 4 x 2 hour evenings and you would be provided food and refreshment while you participate. Please contact Monica @ 939-7367 if you are interested in participating.
